

No Rust Engine Oil 30

Rust Protective Engine Oils

Product Code: 77840

No-Rust Engine Oil 30 is a high quality lubricant which gives the opportunity to protect the internal parts of motors and technical installations for a long period.

No-Rust Engine Oil 30 is ideal for protecting internal combustion engines which are to be laid up or temporarily taken out of service and are recommended for use in engines which are operated intermittently – fire engines, standby generators, snowploughs, etc.

No-Rust Engine Oil 30 is formulated with high refined solvent mineral base stock in combination with a special additive package to reach the following properties.

- Extreme effective anti-rust agent.
- Good surface wetting agent.
- High oxidation stability.
- Long term storage, exposed parts through long period.
- Good moisture and acid contamination of the oil itself.
