Synthetic ATF MBF

Full Synthetic Automatic Transmission Oil

Synthetic ATF MBF is a high quality fuel saving fully synthetic automatic transmission oil specially developed for the last generation MB (NAG-2) 7-speeds automatic transmissions. **Synthetic ATF MBF** is backwards compatible to automatic transmissions where a MB 236.12 specification is recommended.

Synthetic ATF MBF is based on special selected high performance synthetic base oil in combination with a special selected EP-additive package to reach to following properties:

- Excellent thermal- and oxidation stability.
- Excellent low temperature properties.
- Good shifting even at low temperatures.
- High viscosity index.
- Excellent shifting even after long use.
- Extended drain interval possible.
- Fuel saving properties.
- Excellent protection against the forming of foam, corrosion and wear.

Synthetic ATF MBF exceeds the following performance criteria:

MB 236.14 Ssang Yong
